

## Power 2 Play Equipment Grant 2020-2021 Guidelines

### BACKGROUND

The Power 2 Play (P2P) grant program was developed to provide sport and recreation resources (sport equipment and/or financial support to purchase sport equipment) to Indigenous communities/organizations in Ontario. The Power 2 Play program is intended to create opportunities for Indigenous athletes to train and compete within the Indigenous community, and to build skills and competition preparedness; and to reduce barriers for Indigenous Peoples to participate in organized sport. Power 2 Play will provide opportunities for Indigenous communities to access various resources that will help with participation in physical activity, athlete and sport-specific skill development, increase accessibility to sport opportunities, and encourage exploration of organized sports and pathways.

Power 2 Play is an application-based fund program for Indigenous communities and organizations to apply for equipment resources that will be awarded through one of two (2) streams:

- **STREAM 1:** In this stream, applicants can apply for available sets of new hockey equipment which have been donated by Bauer Hockey to support programming. Each set of equipment is valued at a minimum of \$5,000.
- **STREAM 2:** In this stream, applicants can apply for financial support of up to \$5,000 to procure their own equipment. As part of this stream, applicants can choose to use 20% of the funds to support the certification and/or training of sport leaders to help support sport programs in the community, or to cover the cost of a facilitator to run a sport program, which will utilize the equipment.

An Evaluation Committee will review and select successful applicants based on eligibility, the application criteria and merit of the application. Once selected, ISWO will work with the community or organization to either arrange delivery of existing new sport equipment (Stream 1), or transfer of funds for the community to procure their own equipment (Stream 2). Please note that receipts will be required for Stream 2 funding.

The Power 2 Play program is supported through funding from the Government of Ontario, under the Ministry of Heritage, Sport, Tourism and Culture Industries.
